G/CC is a designated provider for Medicare and Medicaid and accepts many commercial health insurance plans. Consumers without coverage or without the ability to pay the full standard fee are offered a sliding fee rate based on family size and income. In order to apply for the reduced fees for service, consumers are required to supply G/CC documentation of family income.

GCC is partially funded by Florida Department of Children and Families, Monroe County, and other governmental/private entities. Consumer fees and donations are also necessary for the operation of the clinic. Private donations are welcome and are tax deductible.
